Brokerage event

Technology Transfer and
Innovation on benefit of
SMEs

4th – 5th October 2007
Bucharest

during Research Fair, INVENTIKA and
TIB International Fair

*International meeting place
for future co-operation*

Brokerage Event

during the:

- National Research Fair
- INVENTIKA 2007 – <http://www.expoinventika.ro>
- TIB International Fair 2007 – <http://www.tib.ro/>

the Romanian IRC 4D organizes an international Brokerage Event held from 4th to 5th October 2007.

The event offers exhibitors and visitors a chance to precisely identify and meet potential co-operation partners.

The **Brokerage event** functions as an "interface" between research and the private sector allowing new technologies, processes, patents and licenses to be offered and experience in financing, production, marketing and distribution to be requested, thus bringing partners together.

Main topics:

- Environment
- Renewable Energy
- Security and Defence
- ICT
- Nano & Microtechnology
- Agrofood and Fish technology
- Medical and Biotechnology
- Materials and Aerospace
- Textiles

Reasons to participate

The **Brokerage event** is the ideal environment for:

- Enterprises offering and/or using innovative technologies.
- Enterprises that are looking for expertise and know-how in the areas of production, marketing and distribution or wish to provide this knowledge to others.
- Scientists and research institutes offering application-oriented research results; Start-ups ; Investors

Participants of the **Brokerage event** have a chance to:

- Establish valuable contacts with companies active in the field.
- Meet potential partners and clients.
- Identify partners for EU research projects.

Costs

Participation in the Brokerage Event is free of charge. However, the fair visitors have to pay the entrance fee for TIB.

How does it work

For the Brokerage Event co-operation profiles from companies and R&D institutes will be collected and published in an online catalogue.

From this catalogue, registered participants may request individual meetings with potential partners. On the basis of these requests, personalised meeting schedules for each participant will be arranged.

The bilateral meetings take place at the IRC stand.

How to register

Registration can be completed in two steps on the website: <http://www.ipacv.ro / Events>

1. insert your company details.
 2. create and update your co-operation profile(s).
- After that, your profile will be validated before being published in the catalogue. Once successfully validated, you will be requested to book bilateral meetings with other participants.

Deadlines

Registration: 15th September 2007

Booking of Meetings: 27th September 2007

IRC Network

The Network Innovation Relay Centre (IRC) was established in 1995 by the European Commission with the aim to facilitate the transfer of innovative technologies to and from European companies or research departments.

The network involves over 250 offices in 33 countries offering specialised business support services to companies and research organisations.
